

Fork Truck Battery Transfer Platforms with Winch and Caster 4000 Lb. Capacity Yellow

MODEL BTC-CART-WINCH

Ergonomic Solutions / Battery Transfer Platforms

PRODUCT OVERVIEW

The battery transfer platform with winch is designed to load, unload and transfer fork truck batteries with the use of a fork lift. Features a roller deck for easy battery movement. The front locking safety tabs secure battery in platform. Winch attachment can be installed easily to the battery transfer carts with the supplied hardware. The manual winch is designed to pull battery out of fork truck. The unit has a welded steel construction with a powder coat yellow finish and casters for portability. The cart rolls on glass filled nylon front rigid caster and back swivel casters.
