

Galvanized Steel Standard Cantilever Double Upright 6 Ft. Height 24 In. Arm Use Length Set 15,400 Lb. Capacity Gray

MODEL SDU-C-6-24-G-SET

Storage Solutions / Galvanized Cantilever Rack Kits

PRODUCT OVERVIEW

A galvanized cantilever rack kit makes storing and picking large items as simple as can be. A strong steel construction with a galvanized finish makes an already durable product even more robust. The double sided unit can be maneuvered into areas where they are accessible from either side. The rack includes pre-drilled holes for mounting the uprights to the surface of the users choice. Capacity is calculated per level.

KEY FEATURES

- Quick fitting and easily removable for instantaneous use
- Provides the option of more surface area for merchandise
- Adjustable arms for access at variable height
- Arms are front lipped to diminish chance of falling items
